Why an online module based guide?

➢ Share good training practices, examples and content

➢ Outline European diversity and commonalities (DMP templates, ethics, etc.)

➢ Create opportunity for individual researchers for self-study

➢ Create a basis for local workshops that can build around centrally updated content

cessda

Following the Data Life Cycle

Creating One Guide

Common look and feel through visualisations by Marina Noordegraaf ([Verbeeldingskr8](#))

Recurring elements in each chapter

➢ Expert tips

➢ European diversity

➢ Qualitative vs. quantitative data

➢ Adapt you DMP

How the module can be used

The module is open and freely available anywhere anytime via CESSDA.eu/DMGuide

➢ Self-study for researchers (15 - 20 hours of content)

➢ Basis for interactive blended training by trainers or data stewards in (social sciences) research institutes to provide workshops on data management

➢ Train-the-trainer package
